Adventure is your middle name! Do something outside your comfort zone — go solo to a matinee or take a bike ride to a different part of town!

VIRGO

AUG. 23 – SEPT. 22

Uranus intensifies intellectual Mercury, giving your brainpower a boost. Now's the chance to increase your technology smarts.

Mars pumps up your work zone, giving you more get-up-and-go than usual. You feel a renewed sense of purpose — try to channel it into plowing through your to-do list. Your accomplishments will impress both you and your superiors!

SAGITTARIUS

NOV. 23 – DEC. 20

You're feeling as light as a sunny spring day, so petty problems just roll off your back. It's the perfect time to set goals for the future with that new-found optimism. Don't hold back — go ahead and seize the day!
